

Frequently Asked Questions About the Continuing Education Requirements for Relicensure

How many hours do I need?

To renew a chiropractic license in the state of Mississippi, you must have twelve (12) continuing education hours from a CCE-approved chiropractic college, a state chiropractic association, or a state board of chiropractic examiners. Three (3) of these twelve (12) continuing education hours must be in risk management.

When do I need to get continuing education hours?

These hours must be received between July 1 and June 30 of the next year.

How many hours does a CA or RT need?

To renew a chiropractic assistant (CA), each assistant must have six (6) continuing education hours received between July 1 and June 30 of the next year.

To renew a radiological technologist (RT), each RT must have twelve (12) continuing education hours received between July 1 and June 30 biennially on even years.
